SHORT COURSES

UNDERSTANDING HORSES

This course can be completed by Distance Learning - WORLDWIDE! This course is designed to give students a practical approach to equine anatomy and physiology in relation to work, health and movement. Participants in existing courses such as dentistry, farriery and complimentary therapies will find that this course compliments their studies. The course is designed to increase participants understanding, knowledge and safety awareness when working with horses.

Course Structure:

Courseware is presented on multi-media CD ROM and paper based Assessment workbooks and regular contact with students via phone, email & internet.

Competency Units:

SROEQ0001A	Handle horses safely
RGRH102A	Catch, groom and Handle horses safely Under Supervision
RGRH206A	Apply Occupational Health and safety procedures in Horse Codes
8131C	Understanding the horse
RTE3148A	Assess Conformation of Horses
