## ANATOMY AND PHYSIOLOGY UNITS ENROLMENT FORM

The Smart Bowen Pty Ltd Anatomy and Physiology course is presented in four units. These units are designed to give you the underpinning knowledge required in the Health Training Package Units HLTAP301A Recognise healthy body systems in healthcare context, HLTAP401A Confirm physical health status, and HLTAP501A Analyse health information, which are requirements in the Bowen Certificate IV, Diploma and Advanced Diploma courses along with many other qualifications in health.

Each unit of study is presented in a booklet consisting of self-guided workbooks, reviewing each section. You complete the workbook, and are at liberty to refer to your notes and textbooks or any other resources in order to complete them. An assessment is then completed after your workbook has been returned to you. Questions are based on information from the primary text book, "The Massage Connection". This is a required textbook and needs to be purchased. It will also prove to be a valuable asset in your complementary clinic practice.

If you have a limited time to complete this training program please contact the college to discuss your options. We will endeavour to assist you achieve your goals in the best possible way.
